MEMORANDUM FOR: AFIGO-S
Headquarters USAF

ATTN : Col. Leo P. Geary

SUBJECT : System XII Maintenance Information

1. Attached for your evaluation is a copy of the System XII Check-Out Procedure developed and formalized by one of our IDEALIST detachments. This information is more complete and thorough than the testing instructions included in the preliminary instruction manual for that system, especially with regard to pre-flight test procedures with the equipment mounted in the aircraft.

2. The attached Check-Out Procedure is not at this time considered as a complete and definitive document. However, it has worked well for the maintenance personnel at IDEALIST Detachment "H," and it may be of some value to your organization. Comments or amendments which you may wish to add to this procedure will be appreciated.
